

ORIENT DISPLAY

Your Total LCD Solution Provider

July 31st, 2023

Dear Valued Customers:

Introducing Orient Display's stunning **Bar Type TFT Display**, the epitome of technological advancement and design ingenuity. Size ranges from 2.9" to 12.3".

Sleek and Ultra-Thin Design

Our Bar Type TFT Display sets new standards in aesthetics with its Ultra-Thin and Sleek Design. Meticulously crafted to enhance the overall appeal of any product it is integrated into; this display ensures a seamless and stylish user experience.

Ultra-High Dynamic Contrast

Our Bar Type TFT Display sets new standards in aesthetics with its Ultra-Thin and Sleek Design. Meticulously crafted to enhance the overall appeal of any product it is integrated into; this display ensures a seamless and stylish user experience.

Versatile Size Choices

We understand that one size does not fit all, which is why our Bar Type TFT Display is available in a diverse range of sizes, from 2.9" to 12.3". Tailor the display to perfectly complement your product's dimensions and make a lasting impression on your audience.

Touch Panel Integration

Take interactivity to the next level with our integrated touch panel option. Seamlessly navigate through interfaces, swipe through content, and interact effortlessly with the device. For an even more enriched experience, opt for our Capacitive Touch Panel with customized shapes and sizes of the cover lens.
